What do you like most about Max Muscle? There are a lot of things that I like about the store but the most important is the availability of knowledge you can get from each of the guys, if you have a question and they don't know the answer they will find it and get back to you in a timely manner.

What is your current supplement regimen? Daily vitamin, G-46, MaxPro, Amino Armor, Max EPH, Max Nitro and Max Kre-alkalyn, just to name a few.

What is your favorite Max Muscle product, and why? My favorite product right now is my post work out drink After Glow. But there are to many products that I like to just choose one.
